## REVIEW

on the educational program of training applicants  
second (master's) level of higher education  
in specialty 292 "International Economic Relations"  
field of knowledge 29 "International relations"  
at the National University "Yury Kondratyuk Poltava Polytechnic "

The educational and professional program in the speciality 292 "International Economic Relations" for training students at the second (master's) level is relevant and meets the public needs to train qualified specialists in international economic relations.

The reviewed educational and professional program was prepared by the scientific and pedagogical staff of the Department of International Economic Relations and Tourism at the Educational and Scientific Institute of Finance, Economics, Management and Law by employers and aimed at the formation of such essential learning outcomes as creative thinking, leadership and communications, the ability to quickly respond to changes and qualitatively solve the tasks set for the implementation of international relations at various levels.

The educational and professional program clearly defines the purpose, tasks, content and technologies, organisation of the educational process, assessment of the quality of training of applicants, established general and special competencies and expected learning outcomes, qualification requirements for the production activity of a graduate of the second (master's) level of higher education in the speciality 292 " International Economic Relations".

Professional competencies are practical and can be used in the professional activities of future specialists in international economic relations.

In general, there are reasons to believe that the reviewed educational and professional program meets the requirements and scientific, practical and educational characteristics defined in it and can be recommended for the preparation of applicants for the second (master's) level of higher education in the speciality 292 "International Economic Relations" at the National University "Yury Kondratyuk Poltava Polytechnic"
